

OPEN DATA CHALLENGE

November 16th 2020

10:00–16:00 at DIGS, Krambugata 2, Member's Lounge
and available via **Cisco Webex**.

**Let's help people stay at work
using open data**

Join experts and authorities, leading researchers and many exciting startups as they come together to solve the challenge of reducing sick leave in the public and corporate sectors by participating in one of Europe's first business experiments using open data. Enhance your current business model, and brainstorm new applications.

Go to **opendata.hoopla.no** for more info
and single or group registration

Winners will receive a monetary prize and secure their place in the Open Data Lab. Open Data Challenge & Open Data Lab are part of the three-year Research Council of Norway's "SamÅpne" project.
